LA SAINT-VINCENT TOURNANTE PULIGNY-MONTRACHET CORPEAU BLAGNY WILL TAKE PLACE BUT WITHOUT THE GALA DINNER WITH DUCASSE CONSEIL AND MAISON PIGNOL

The 78th edition of the Saint-Vincent Tournante Puligny-Montrachet Corpeau Blagny will take place on January 29 and 30, 2022. The program will be slightly different due to the health situation.

As France is carefully ending lockdown, the health of all remains and will remain the priority for the Organizing Committee. While the outlook is encouraging and in order to consider this event with confidence, the Organizing Committee of the Saint-Vincent Tournante 2021 has reasonably decided to change the program of this 78th edition by cancelling the Gala dinner. This health crisis is changing the course of events and must be an opportunity to rethink future events which must not be sad copies of passed events. Creative and enthusiastic, we are all mobilized to offer you a revisited Saint-Vincent Tournante with entertainment, on-site catering and fine vintages. While maintaining the spirit of sharing and solidarity of Saint-Vincent, the priority of the edition 78 will be friendliness, health and safety for all. The Gala Dinner for the 78th Saint Vincent Tournante edition, which should have brought together 1,000 people in the premises of the Alix company in Corpeau, entrusted to DUCASSE Conseil for the menu and to Maison PIGNOL for the production, will not take place this year.
